

FOPD-25

Fiber Optic Polishing Disc

Warning: Never use this tool on live electrical circuits; it is not insulated against electrical shock. Always use OSHA/ANSI or other industry approved eye protection when using tools. This is not to be used for purposes other than intended. Please read and understand instructions before operating this tool.

FEATURES AND BENEFITS

- Universal design fits most 2.5mm ferrule connectors including ST, SC, and FC connectors
- Inside and outside rims designed for improved hand positioning during polishing operation
- Channeled, raised base allows debris to escape easily and provide for easy polishing action

OPERATING INSTRUCTIONS

Please refer to the connector manufacturers instructions for proper polishing procedures. Most connector manufacturers supply detailed instructions for polishing procedures.

WARRANTY: The Ripley Company warrants that our line of tools are free of defect and fully operable at the time of shipment. The warranty is limited to the repair or replacement of any product which proves to be defective in material or workmanship, under normal use and service.
